ONE WEEK OUT OF AFRICA AIR SAFARIS

Experience a unique combination of adventure, relaxation, affectionate service and culinary highlights amid the African wilderness. Your safari in the luxury Cessna Caravan takes you to some of Kenya's best national parks and reserves. It offers something different to any other air safari in Kenya as you have the opportunity to see amazing sights as you fly low over the extensive Kenya Savannah observing the wildlife below as your professional safari guide ensures every detail is pointed out. Every national park has its own special flavour. Tsavo East is well known for its large herds of red elephants, Tsavo West for the spectacular scenery and rolling volcanic landscape, Amboseli for the beautiful view of Mt Kilimanjaro and Masai Mara for its amazing wildlife and the ever popular migration between July and October.

On your safari, you will stay at Satao Camp in Tsavo East, Severin Safari Camp in Tsavo West, Satao Elerai in Amboseli and Karen Blixen Camp in the Masai Mara. Every camp is unique in its own way, but each one shares the same goal - to make your safari a once in a lifetime experience.

In traditional 4x4 safari vehicles accompanied by experienced guides you get the true feeling of old Africa. Keep your camera and binoculars ready and go on a search for the Big 5 as the guides try to get you as close as possible to the wildlife on the ground. A selection of highlights are included on your safari, including exciting bush walks, a visit to see a traditional Masai village, a bush breakfast in the Mara and bush sundowners with sparkling wine and canapés set in a series of amazing locations along your journey. You also have the option to book a balloon safari in either Amboseli or Masai Mara on request.
